

Manchester Local School District

437 W. NIMISILA ROAD ▪ AKRON, OHIO 44319 ▪ 330-882-3291

Shannon Belcher, Director of Food Service

August 18, 2021

Dear Parent/Guardian,

We are excited to share with you that breakfast will be offered at all schools throughout the district this school year. Your child can participate in our breakfast program every day or occasionally. It's a nutritious and convenient way for students to start their day before class starts!

The breakfast will be free of charge to all students. This has been made possible by USDA funding through a special nationwide waiver.

Breakfast, as studies have shown, is the most important meal of the day. The healthy school breakfast, which provides the students with 25% of the recommended daily allowance of protein, calcium, iron, Vitamins A and C and calories, will be served in a fun grab'n'go meal bag.

At Manchester Local Schools, we believe that all students should start the day off with the advantage of a healthy breakfast. If you have any questions about our breakfast program, please feel free to contact me at 330-882-3291 or Shannon.belcher@manchester-panthers.org.

Sincerely,

A handwritten signature in black ink that reads 'Shannon Belcher'.

Shannon Belcher

District Food Service Director
